

## **Bronze Duke of Edinburgh Award.**

14 pupils have just received their Bronze Duke of Edinburgh Award. It has taken these young people a year to complete all activities. All pupils worked voluntary in our community, giving service back to those in need. Pupils increased their skill set by learning a new skill, from cooking to car mechanics. Each young person made a commitment to improving their own personal fitness by participating weekly in a physical activity of their choosing, this prepared them for the expeditions. Finally they spent 2 weekends unaccompanied on the hillside navigating their way around Loch Lomond and the Trossachs, cooking camping and looking after each other in the cold and rain.

The Duke of Edinburgh award is an internationally recognised award that is highly valued by colleges, universities and employers. It set pupils apart by showing they have commitment and determination. This award gives pupils the chance to do something completely new and improve on things they are already doing. It takes them out of their comfort zone and into a place where they will be challenged and have amazing new experiences. It helps them build confidence, resilience, skills for work and new friendship. They also had a brilliant time doing it.

Congratulations to all pupils!!

# Duke of Edinburgh Award

Congratulation to all pupils who received their Bronze award!
