

## Young Enterprise

The Young enterprise team were busy from the start of the new school year raising money for their Christmas enterprise. The team raised their initial start-up fund by hosting a bake sale which went down a storm selling out like hot cakes within minutes.

With the funds raised the team began coming up with business ideas and finalising their products.

They called themselves A+ and decided to make study packs. Each pack includes: post it's, 2 pens, 2 highlighters, a pencil with a rubber, paper clips, flash cards, stressball, freddo, a set of study tips written by them and 2 study timetables. Each box was made by hand with recyclable material to ensure that the team were being environmentally friendly.

The trade fair event took place in Clydebank on Saturday 25<sup>th</sup> November at the Clydebank shopping centre. They then participated in the Young Enterprise final held at Strathclyde University. All students also passed the Strathclyde University Business Exam and received the award.

The team earned a fantastic profit of £250 which was donated to Beatson Cancer Charity.

The team would like to say thank you to everyone who supported their venture.

Mrs Mackinnon and Miss McAlinden would also like to thank her wonderful team for all their efforts in this project. Eve McAlister, Hannah Wilson, Amy Anderson, Morgan McWilliams, Georgia Wilkie, Shauna Murphy, Hannah Bryceland, Owen Guest, Samantha Main, Melissa Main, Faith Blackadder, Shannon Pottie.
